

PARMJEET YADAV

Data Analyst | Business Analyst | Data Science Enthusiast

Bharaph, Kanina, Mahendergarh, Haryana | +91 9467843851 | parmjeetyadav1230@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Aspiring Data Analyst / Data Scientist pursuing B.Tech in Computer Science Engineering, with hands-on experience in data analysis, business analytics, machine learning, and generative AI through internships and simulation programs from Deloitte and Tata. Skilled in SQL, Python, Excel, Power BI/Tableau, and statistical modeling, with a track record of translating raw data into clear, actionable business insights, dashboards, and stakeholder-ready reports. Strong foundation in exploratory data analysis, predictive modeling, and data storytelling to support data-driven decision-making.

CORE SKILLS

- **Data & Business Analysis:** Data Analysis, Business Analysis, Exploratory Data Analysis (EDA), Requirements Gathering, KPI & Dashboard Reporting, Predictive Analytics, Risk Profiling, Data-Driven Decision Making, Data Storytelling
- **Programming & Databases:** Python, SQL, Machine Learning, Deep Learning, NLP, Computer Vision, Statistical Modeling
- **Tools & Platforms:** Tableau, Power BI, MS Excel, PowerPoint, Generative AI Tools, Git, GitHub
- **Libraries/Frameworks:** Pandas, NumPy, TensorFlow, Scikit-Learn, Matplotlib, Seaborn, OpenCV, NLTK, TextBlob, Keras
- **Soft Skills:** Stakeholder Communication, Problem Solving, Critical Thinking, Leadership, Team Collaboration

EXPERIENCE

Data Science Intern | *Prodigy InfoTech*

Apr 2025

- Built and deployed 5 end-to-end machine learning and deep learning projects using Python, TensorFlow, and Keras, improving model accuracy by 15% through cross-validation and hyperparameter tuning.
- Performed exploratory data analysis (EDA) and SQL querying on structured business datasets; visualized insights with Matplotlib and Seaborn, cutting data interpretation time by 25% and supporting data-driven recommendations.

CERTIFICATIONS

- GenAI Powered Data Analytics Job Simulation — Tata (Forage), Jun 2026: Exploratory data analysis & risk profiling, predictive delinquency modeling with AI, business reporting & data storytelling, AI-driven collections strategy
- Data Analytics Job Simulation — Deloitte (Forage), Jul 2026: Data analysis and forensic technology for business investigations
- Cybersecurity Analyst Job Simulation — Tata (Forage), Jun 2026: IAM fundamentals, IAM strategy assessment, custom IAM solution design, platform integration
- Data Science Internship Certificate — Prodigy InfoTech (Apr 2025)
- Graphic Design Internship Certificate — AICTE Indovation Centre, Ministry of Education (May–Jul 2025)
- Machine Learning, Python, SQL & Data Analyst — Coursera / NPTEL (Ongoing)

PROJECTS

- **Traffic Accident Data Analysis** (Python, Pandas, Matplotlib, Seaborn, EDA): Analyzed 10,000+ record dataset to identify high-risk zones; applied EDA and statistical analysis to uncover weather/time-based risk factors and deliver a data-driven business safety report.
- **Face Recognition Attendance System** (Python, OpenCV, Computer Vision, NumPy): Built an AI-powered analytics system automating attendance for 500+ students, improving recording accuracy by 40% and cutting processing time by 60%.
- **Titanic Survival Prediction** (Python, Scikit-Learn, Pandas, ML): Built and evaluated multiple classification models with feature engineering, achieving 82%+ prediction accuracy through systematic hyperparameter tuning.
- **Sentiment Analysis on Social Media Data** (Python, NLP, NLTK, TextBlob): Designed a sentiment classifier for customer feedback analysis; applied NLP preprocessing and ML modeling to reach 85%+ accuracy, visualizing trends for stakeholders.

EDUCATION

B.Tech, Computer Science Engineering (CSE) | *Apex University, Jaipur*

2023 – Present

Relevant Coursework: Data Structures & Algorithms, DBMS, Machine Learning, Deep Learning, Computer Networks, Operating Systems

LEADERSHIP

- Former Student Secretary, Institution's Innovation Council (IIC), 2024–2026: Drove innovation initiatives and organized events for 200+ students in collaboration with the Ministry of Education.
- Former Technical Head, Student Welfare Wing (SWW), 2025–2026: Led 5+ technical events and workshops impacting 100+ students, coordinating with faculty on academic alignment.
